

Class 5 Holiday Homework (2025-26)

English

Task 1: Handwriting Practice

Let's use the summer break to make your handwriting beautiful!

Copy short stories, poems, or anything you love into a thin notebook.

Target: 30 neat pages

Write a little daily, and see your handwriting get better and better!

Task 2: Imagine and Draw a Peaceful Nature Scene

Let's go on an adventure in your imagination!

Close your eyes and picture this...

In front of you, a shiny blue river gently flows through a green meadow filled with bright red, yellow, and purple flowers. On one side of the river, tall trees with big leafy tops sway in the soft breeze. A cute little wooden bridge crosses over the river. Behind this, you can see soft green hills rolling under a clear blue sky. The sun is shining bright and yellow, and a few fluffy white clouds float by. Birds fly high in the sky, and butterflies dance happily near the flowers.

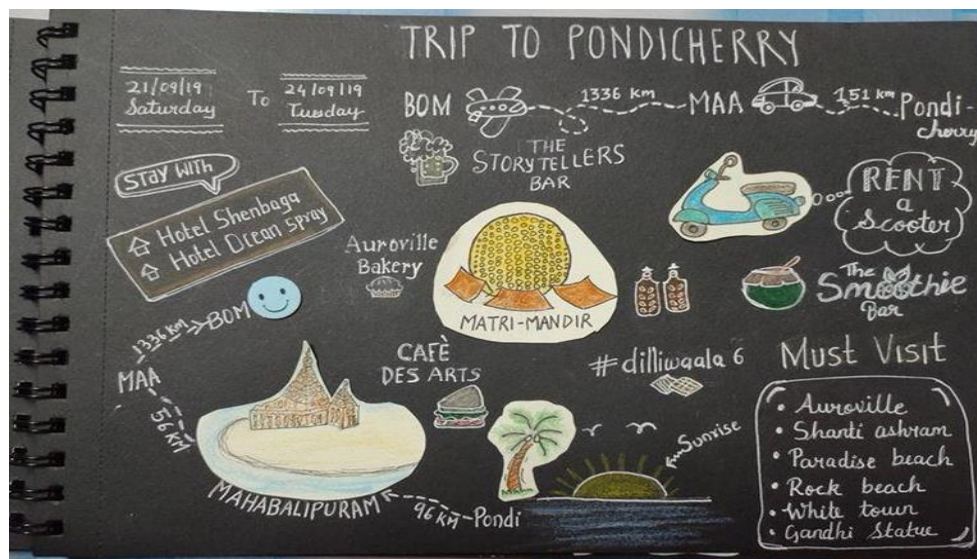

Now it's your turn!

Draw this beautiful nature scene on an A3 size sheet. Use lots of colors and your imagination to make it come alive!

Task 3: Make a Travel Collage!

It's time to become a mini travel expert!

Look at the sample collage shared below, and then create your own beautiful collage on an A3 size sheet based on your roll number:

- Roll Nos. 1–20: Places to Visit in Pondicherry
- Roll Nos. 21–46: Places to Visit in Sikkim

Use pictures, drawings, and colorful labels to show interesting places, food, clothes, or anything fun related to these places.

Task 4: Smart Revision Time!

Take some time during the holidays to revise all the lessons we've covered in class so far.

Task 5: Parts of Speech Pizza

Draw a pizza and divide it into 6 slices. Each slice will represent one part of speech (Nouns, Pronouns, Verbs, Adjectives, Adverbs, and Conjunctions).

- On each slice, write examples of that part of speech.
- Add toppings (like small drawings or colored words) to make your pizza fun and colorful!
