

HOLIDAYS HOMEWORK

CLASS 6

Enjoy your holidays while staying connected with learning! Here's a blend of fun and educational activities to keep your creativity and skills active during the break.

1. Read any one short story from the Panchatantra, Akbar–Birbal Tales, or any English storybook of your choice. Then answer the following:
 - Title of the story:
 - Main characters:
 - A short summary (5–6 lines):
 - What did you learn from the story?
 - Which part did you enjoy the most and why?

Do this on an A2 size sheet using colours and pictures

2. Fun with English

- Create a comic strip with 6–8 frames using your own characters and dialogue.
- Design a bookmark decorated with your favourite quote, proverb, or line from a poem.

Do any of one of them on an A4 size sheet

3. Imagine a scene that shows the effects of pollution: a once-clear river now looks dirty and filled with plastic bottles, bags, and waste floating on the surface. On one side, factories with tall chimneys are releasing thick black smoke into a gray sky, blocking out the sun. Trees nearby look dry or are cut down, and a few animals seem to be searching for clean water or food. You can show a contrast by drawing a small clean area with greenery to highlight the damage pollution causes to nature.

Make a colourful picture of the given paragraph on an A2 size sheet
